

ATTESTATION

GMO FREE - NO IONIZED
WITHOUT ADDITIVES OR ANTI-CAKING AGENT
ALLERGEN FREE – PESTICIDE FREE
SLUDGE-FREE – GLUTEN FREE

Our salt is harvested naturally, on the surface of the water for the fleur de sel and directly on the clay for the coarse grey salt.

Coarse dried salt, grounds salt, fine table salt and powder of salt are simply dried and sometimes ground and sieved, they remain of authentic quality. All our salts are unwashed, unrefined and additive free.

Guérande salts sold by TRAD Y SEL do not contain GMOs, Allergens, Additives (anti-caking in particular) and gluten free. They are not treated by ionization.

Our salts remain natural and therefore **compatible with organic production.**

They comply with the IGP specifications, decree no. 2007-588 of April 24, 2007 and Codex Stan 150-1985 which specifies the standards applying to salts intended for human consumption.

Declaration made in Batz sur Mer (France) Monday 2d January 2023.
